## WWI Memorial Dedication

*By Tom Watson, President*

The Wantagh Preservation Society wants to thank the Wantagh American Legion for allowing our Society to be included in their Veteran's Day ceremony that took place last November. The reason for the Wantagh Preservation Society's participation was to unveil Wantagh's reconstructed World War I memorial.

The original memorial was installed in 1919, a hundred years ago, on the north side of the railroad tracks. The memorial lists the Wantagh men who served in the military during WWI. We don't know what ultimately happened to the original memorial but since it was made of wood it most likely deteriorated over time.

Luckily the WPS had many old photos of the memorial so that the memorial was able to be reconstructed as close as possible to the original. Many Wantagh residents, former Wantagh residents, local businesses and Wantagh organizations contributed to the WWI memorial reconstruction fund. All contributors will be receiving a certificate of appreciation. The Wantagh American Legion was our biggest donor – their donation paid for over a third of the cost of the memorial.

The inscription on the memorial reads – Their Country found them ready – what more could be said. The WPS's motto is "Preservation with a Purpose". What better purpose could there be than to honor those men from Wantagh who served in the military during WWI.

Bergen Seaman, whose name is on the Memorial, was one of many who paid the ultimate sacrifice. On the memorial next to his name is a gold star to signify that he died in the War. He died in France and his body was ultimately returned to the States and he is buried in Greenfield Cemetery. His childhood home stills stands in Wantagh – it is the old house in front of Wantagh's Greek Orthodox Church on Jones Avenue.

Please find time to visit and view the Memorial and to reflect on the names of the men listed. 📖

museum will  
open on Sundays  
from 2 to 4 PM*

*More renovations are  
underway!*

## Attention: Professional Photographers

Whether it be spring, summer, fall or winter, the grounds of the Wantagh Museum provide a scenic venue for professional photographers. However, a Photography Permit is required for all professional photographers that use the museum grounds.

The permit fee is only \$50 per hour (an additional fee of \$25 applies for access to the train observation deck). Your fees provide an important source of revenue for our Museum and helps us maintain its beauty that you depend on.

During your photo shoot, the museum grounds remain open to others and there can be no reservations of any particular area. However, residents that visit the museum have always been courteous.

Photography cannot take place before 10 AM or after dusk. Permits are rain or shine.

An approved permit must be presented during the shoot upon request. To apply for a permit, please scan or click the QR code.

Thank you for your support and for helping us maintain the grounds of the Wantagh Museum. 📖

## Wantagh Winter News from the Last Century

*Compiled by Carol Poulos, Curator*

120 Years Ago - January 1900: Jonathan Fussell began a four year term on January 1 as postmaster. Benjamin Carpenter has purchased a new trotter, Montauk, with which he proposes to show town people what speed is all about. A number of our local ice companies are deploring the lack of water in their ponds. This is owing almost entirely from the impoverished condition of the soil due to the continual pumping by the Brooklyn Water Works.

110 Years Ago - January/February 1910: The new type of fire engine selected by committee is on its way and will be composed of a Fairbanks gasoline engine and pump mounted on a truck now being built by George Box. This is an innovation in fire fighting machines and its operation will be watched with interest by all firemen of the town. In February, a large number of residents and firemen turned out to witness the test of the new gasoline engine and its throwing power. The engine threw a stream of water through 500 feet of hose to the top of Young Brothers Coal Pocket, about 50 feet high.

105 Years Ago - January/February 1915: In early January, the gas lights were lit for the first time at the Long Island Railroad Station and are a great improvement over the old lights. They not only illuminate the station, but also throw a good light on the business street as well. In February, ground was broken for the foundation of an addition to the firehouse.

100 Years Ago - January 1920: Charles Schaefer is the census enumerator for this district. Richard Hunt Jr., while spearing through the ice for eels, fell and broke his leg and went to Nassau Hospital for treatment. Mr. Verme went to the same hospital, having slipped on ice. 📖

below - and thanks!*

## Now is the Perfect Time to Renew your Membership

*By Mary Wagner, Membership Chairman*

Our membership drive for 2020 is underway. The money raised through membership is used for maintenance of our museum and grounds. Our most recent project was recreating the World War I memorial at the Long Island Railroad Station where it originally stood. You are not just joining the society - you become a supporter of history by enabling the society to continue its work to educate residents, especially children, on Wantagh's past.

Please join us by paying your dues for 2020. We also invite you to become an active member of the society. Please also let us know if you have any old Wantagh photos, old Wantagh newspapers, or any other historical Wantagh artifacts. Our contact information is on page 2. Thanks! 📖

## Winter Wonderland Encore

The Wantagh Chamber of Commerce and Wantagh Preservation Society hosted the second Winter Wonderland Craft Fair to jump start the holiday season. 56 vendors participated in this outdoor event that was held on the grounds of the Wantagh Museum last November.

Quality, handmade crafted items along with quality non-craft items were available for purchase from various local vendors in addition to food and beverages. Live entertainment was provided by The Five Stone Band, The Wantagh American Legion Pipe & Drum Band, and dancers from Show Stompin' Irish Dance - all while Santa sat cozily in the Jamaica Railroad car taking early Christmas wishes. Topping off the event, was the Christmas Tree and Menorah Lighting. 📖
