WANTAGH, L.I.-Southeast Nas-sau residents converged on Wantagh last week to witness and participate in that community's biggest Fourth of July celebration in history and now rated as one of the largest observances of its type in the state of New York.

A crowd estimated by police to be near the 12,500 mark turned out to witness a huge parade replete with more than 2,000 youngsters and adult marchers, bands, beauty queens, floats, local dignitaries, color guard units and clowns.

The morning parade, representing more than 40 local organizations, launched a day-long schedule of activities that typify Wantagh's Independence Day celebration--an observance that has resulted in attracting national attention for the community via an eight-page, picture-story

feature in the Fourth of July issue

of Life magazine.

Nearly 5,000 persons gathered on the grounds of the Wantagh School on Beech Street, the terminus point of the parade, to hear and see the traditional ceremonial part of the holiday. The Hon. Joseph F. Carlino, Speaker of the New York State Assembly was the main speaker. Awards were presented to Miss Pam Schubert, winner of the "What the Fourth of July Means to Me" essay contest. Awards were also made to the Misses Sue Erehard, Linda Ferris, Gloria Rose and Arlene Scherbell, winners in a Fourth of July Poster contest.

Excitement was building in the crowd of onlookers as the program came to the announcements concerning the outcome of the "Miss Wantagh-1962" contest. The twelve pretty finalists were all on the reviewing stand to hear

Mr. Marcio Cera, a chevrolet owner, is shown talking with Mr. R. Gneiser, right, of Chevrolet Factory Representatives and Mr. Charles Bast, left, President of Bast Chevrolet of Seaford.

Mr. Cera attended a Special Customer Relation Dinner held at the Sea Crest Restaurant in Massapequa recently Wednesday night.

The purpose of the dinner was to receive suggestions from a cross section of customers in ways Bast Chevrolet might improve service to ail its customers. Mr. Bast said "The best way to find out what customers really expect in the way of service is to ask them. The dinner idea helped to put people at ease and bring about suggestions more freely." According to Mr. Bast "The dinner was a huge success and will be held periodically.

Nine others also attended: Mr. A. C. Demenico, Mrs. Albert Morganegg, Mr. Morganegg, Mr. Roger Felton, Mr. Paul Woodruff, Mr. Sal Lamport, Mrs. Lamport, Mr. William Healy, and Mr. George Green.

Pequa Library To **Build Branch**

MASSAPEQUA, L.I. - Plans for the building of a branch library will be submitted to Massapequa voters early this fall according to an announcement made this week Massapequa Public Library's Board of Trustees.

George L. Goss, chairman of the Board of Trustees, said the prolibrary would be con structed on library - owned Bar Harbour property, Harbor Lane and Nassau Street.

In addition, the Trustees will ask Massapequa residents to authorize the purchase of additional property in the Northeast section of Massapequa Park for the construction, sometime in the future,

of a second branch library.
Mr. Goss said the Trustees were not ready to announce the costs of building and property acquisition, but would do so within the next few weeks.

Our decision to move for a new branch, and for the purchase of additional land, is based on a number of considerations," said Mr. Goss. "First of all, it is obvious to the thousands of Massapequans who make use of them, that the main library facilities have been stretched beyond the breaking point. We have nearly 80,000 volumes in a building designed to accomodate 50,000 books. Over and above this, we try to service the community with an array of periodicals, records, newspapers, and special programs which require considerable more space than is permitted in the present quarters.

The rise in population in the Massapequas has continued to place new demands on the library, demands that cannot be met with its, present building. Also, of we acquired the Bar: course, Harbour property on the premise that we would build there within a specified period of years. We are getting very close to that

AROUND HEMPSTEAD TOWN

SWIMMING CLASSES

Free swimming lessons for 1,800 Levittown youngsters began on Monday at the nine swimming pools in the Town of Hempstead-Oyster Bay Joint Park District.

Lessons for children of the District between 6 and 16 years of age, sponsored by the Town of Hempstead Park Department, will cover four weeks and will be held each weekday morning. A four-week series of evening classes also for residents of the District over 16 years of age will start on July 11th.

Hempstead Town Councilman John H. Benoit of Levittown, who personally inspected preparations for the lessons this week was particularly impressed with the interest shown by the people of Levittown. In less than two days after the lessons were publicly announced, the classes for the youngsters were completely filled.

Hempsted's Presiding Supervisor Palmer D. Farrington pointed out that a second series of free swimming lessons would be sponsored by the Town of Hempstead in August. "We plan to set the date for registrations and the date for the opening of the second series of classes later in July, as these dates will depend on whether the July classes maintain their schedule and are not delayed by inclement weather. Full notice will be given as soon as the dates are set," promised Supervisor Farrington.

All swimming lessons will be conducted by employees of the Town of Hempstead Department of Parks who are qualified swimming instructors and who have been certified by the Nassau County Department of Health and the URBAN RENEWAL

Permanent headquarters for the Town of Hempstead's Urban Renewal Director was officially opened on Monday, July 2nd at 84 Doughty Boulevard, Inwood.

Presiding Supervisor Palmer D. Farrington and a group of Hempstead officials headed by Councilman Julius Chinman presided at the ribbon-cutting ceremonies along with members of the Citizen's Advisory Committee, led by its chairman, Mrs. Max Meyer of Woodmere.

The Citizen's Advisory Committee is a body of local residents studying all phases of the program and making its recommendations to Supervisor Farrington and the Hempstead Town Board.

The new headquarters in Inwood will house a staff supervised by the Town's Urban Renewal Director, Edward Loughman, who will be available to answer questions and give all information. The first in a series of informational bulletins was distributed to Inwood residents by the Town of Hempstead prior to the opening of Urban Renewal Headquarters.

"The Inwood Urban Renewal Program will stress conservation and rehabilitation of the area, not total clearance," stated Supervisor Farrington. "It includes property bounded by Sheridan Boulevard, Bayview Avenue, the New York City line, the Village of Lawrence line and the Nassau Expressway.

"The Urban Renewal program in Inwood is a pilot plan and the Town Board appreciates the cooperation American Red Cross. Upon the' it has received thus far from the successful completion of these members of the Citizen's Advisory courses, all swimmers who qual- Committee and the residents in ify will be issued a Red Cross the area who will be affected by card covering the type of course the program," concluded Super-
